City of Southgate Tennis – Summer 2020

The USTA recognizes that the coronavirus has been affecting different parts of the country in different ways and with different timing. We therefore believe it will be possible for people to return to playing tennis safely in some cities and states sooner than in others.

Because tennis does not require any direct person-to-person contact, players can enjoy the many physical and mental benefits that tennis offers so long as you practice physical distancing by keeping six feet apart from other players to ensure you are in a safe exercise environment and follow other safety recommendations included here.

Although there is no specific evidence that tennis balls can spread COVID-19, we know that contamination by respiratory droplets from an infected person can potentially survive on hard surfaces up to three days. If you choose to play tennis, be sure to practice these safety tips and recommendations.

BEFORE YOU PLAY

- Do not play if any of you:
 - Are exhibiting any symptoms of the coronavirus. According to the CDC, people with COVID-19 have had a wide range of symptoms reported—ranging from mild symptoms to severe illness. These symptoms may appear 2-14 days after exposure to the virus: fever, cough, shortness of breath or difficulty breathing, chills, repeated shaking with chills, muscle pain, headache, sore throat, new loss of taste or smell.
 - Have been in contact with someone with COVID-19 in the last 14 days.
 - Are a vulnerable individual. A vulnerable individual is an elderly individual and/or an individual with serious underlying health conditions, including high blood pressure, chronic lung disease, diabetes, obesity, asthma and those whose immune system is compromised such as by chemotherapy for cancer and other conditions requiring such therapy.

PREPARING TO PLAY

- Protect against infections:
 - Wash your hands with a disinfectant soap and water (for 20 seconds or longer), or use a hand sanitizer if soap and water are not readily available, before going to the court.
 - Clean and wipe down your equipment, including racquets and water bottles. Do not share racquets or any other equipment such as wristbands, grips, hats and towels.
 - Bring a full water bottle to avoid touching a tap or water fountain handle.
 - Use new balls and a new grip, if possible.
 - Consider taking extra precautions such as wearing gloves.
 - If you need to sneeze or cough, do so into a tissue or upper sleeve.
 - Arrive as close as possible to when you need to be there.
 - Avoid touching court gates, fences, benches, etc. if you can.

WHEN PLAYING

- Try to stay at least six feet apart from other players. Do not make physical contact with them (such as shaking hands or a high five).
- When playing doubles, coordinate with your partner to maintain physical distancing.
- Avoid touching your face after handling a ball, racquet or other equipment. Wash your hands promptly if you have touched your eyes, nose or mouth.
- Avoid sharing food, drinks or towels.
- Use your racquet/foot to pick up balls and hit them to your opponent. Avoid using your hands to pick up the balls.
- Maintain physical distancing if changing ends of the court.
- Remain apart from other players when taking a break.
- If a ball from another court comes to you, send it back with a kick or with your racquet.

AFTER PLAYING

- Leave the court as soon as reasonably possible.
- Wash your hands thoroughly or use a hand sanitizer after coming off the court.
- Do not use the locker room or changing area. Shower at home.
- No extra-curricular or social activity should take place. No congregation after playing.
- All players should leave the facility immediately after play.
